

HAPPY HOLIDAYS

December Newsletter – 2020 Season

To Copper Valley Tennis Club and Social Members:

The Copper Valley Club Board is looking forward to a very successful 2020 Season! Within the next few months, you will notice more announcements and information about the Copper Valley Tennis and Social Club as we march into the 2020 Season.

2020 Season

October 1st was the commencement of the new season. The CVC Board has been meeting regularly since the board inception. Having moved to a Tennis and Social only club, the club has been able to operate without a deficit two years in a row! Our business plan is lined up to continue to meet this objective.

The CVC Board is listening to our members! This year we are improving both the appearance of the club and the tennis play performance of the courts. We want the club in optimum condition all year long! Our goal is to open the club early in May. To meet these objectives, expenditures will have a slight increase this year for the opening of the courts and for full season maintenance. For the courts, CVC is currently soliciting vendors who all require a 50% down deposit to open our courts. Also, a contract maintenance employee will be hired for the club's day-day operations and CVC will be initiating a small maintenance fee for 2020.

The 2020 membership rates are set and can be viewed through the following link:

<http://www.coppervalleyclub.net/membership-rates-2/>.

Copper Valley is offering a discount of \$50 off single and student memberships plus \$100 off a couple membership if you pay in full by January 1, 2020 (including the maintenance fee). This revenue will assist in paying the down deposit required to open the courts. Every member will receive an invoice reflecting the discounted membership in the next few days. If you wish to alter anything on the invoice just email us back.

Land Sale

Our goal is to commence the land sale of three lots by end of January 2020. Some of revenue generated will pay current and past members who contributed to the “Short Term Capital (STC)” program initiated 3 years ago to eliminate our debt from overspending at the club. The land sale revenue will **NOT** be used for the **yearly operation of the club**. CVC is in the midst of a short- and long-term capital improvement plans to improve the club further which will tap into this resource.

Board Announcements:

The following members comprise the Board of Governors for the 2020 season:
